

Any Other Day

Started off like any other day.
Got the bowl for a sesh of wake-n-bake.
Grabbed my shorts and a PB&J,
Old skateboard and my Superman cape.

Kept on goin' like any other day.
Screw around, procrastinate.
Pay no attention to what people say,
They just don't like me and that's just okay.

Ended up like any other day.
Gettin' drunk and tryin' to get laid.
Forgot to get a job again today,
But I'm not good at much anyway.

Any other day.
I would still be broke, I would still be bored, I would still be stoned, I would still be me...
