

Lies

You think you know it all
You don't know shit.
You think the world revolves
Around that slit.
Please don't take it personal.

My mind is totally blown.
Misinterpreted.
That's probably the reason why
You think I'm dead.
Please don't take it personal

You look into my eyes.
You fuckin' lie.
That's probably the reason most,
I want you to die.
Please don't take it personal

I'll stay forever if you play.

Lies.
You lie to me.
Fuck you.
